Faridabad -121003

About

We provide innovative, sustainable energy solutions to help you reduce environmental impact and optimize efficiency. Let's work together toward a greener, smarter future.

Mission & Vision

Our vision for the future, as we started our journey in the Renewable and Automation sector with great pride and determination.

We are committed to revolutionizing the way we harness energy and automate processes, shaping a sustainable and efficient world for generations to come.

Carbon Neutrality: Our mission is to achieve carbon neutrality by reducing our carbon emissions through energy-efficient practices, adopting renewable energy sources, and offsetting our remaining emissions through verified carbon offset projects.

Table Of Content

Explore our brochure to learn about Sigma Power Tech's vision, services, and projects. Use this guide to easily navigate through our offerings and discover how we can support your energy goals.

● Overview

Get to know Sigma Power Tech – who we are, our journey so far, and what drives us to create a more sustainable and efficient world through energy and automation.

● Our Services

Discover the different services we offer, from solar and biogas systems to advanced building management and automation solutions. We're here to help make your operations smarter and greener.

● Key Projects

Take a look at some of the projects we've successfully completed. This section highlights how we've helped businesses and communities with our innovative solutions.

● Our Associates/ OEMs

Meet our trusted partners and associates who help us deliver top-quality products and services. Together, we ensure you get the best solutions possible.

● Clients

We're proud to work with amazing clients and partners. Here, you'll find the names of those who trust us to power their projects and businesses.

● Contact Us

Reach out to us for any inquiries, partnerships, or services. Find our contact information, including office locations, phone numbers, and social media links.

Overview

Sigma Power Tech Pvt. Ltd. (SPT) was incorporated in the year **2016 in New Delhi, India** by a team of experienced professionals from Industry and Academia.

SPT is a service-based consultancy company with disruptive innovation as one of its key market differentiator and vendor & manufacturers' authorized reseller.
